

Bon Chef is a family-owned business that has been manufacturing and supplying product to the food service industry for over 48 years. We have set a standard of excellence by providing innovative product paired with extraordinary customer service. Our focus on maintaining relationships sets us apart.

We are dedicated to supplying an extensive range of solutions for your culinary presentation. We offer the most durable products available, in an array of timeless designs - it is our mission to provide you with the tools you need to showcase your culinary masterpieces.

Our on-site millwork studio is run by local artisans who find meaning in making. What we create is built with integrity, inspired by traditional woodworking methods and assembled with precision craftsmanship. We pride ourselves on responsibly sourcing only North American lumber, and we are striving to reduce our carbon footprint as much as possible.

From sleek buffet line equipment to nature-inspired tabletop pieces to custom millwork setups, Bon Chef's commitment to affordable price points and high quality product is unwavering.

We truly understand the Art of Presentation.

the CUCINA collection

The Cucina Collection ranges from 8 oz to 9 qt capacity in four shapes - round, oval, square, rectangle. Finishes include the original Cucina finish, Hammered, Freeway, Wave, Rain & Bellisimo.

Most popular for its Chafing Dish service style, all Cucina pots have a matching food pan.

Constructed of 18/8 stainless steel, these pots have 3 ply bases for use on induction, radiant heat, steam tables or with canned fuel.

All pieces are Induction Ready

CUCINA: ORIGINAL FINISH

The Original Bon Chef Chafer Alternative: the Induction Ready Brushed Cucina!

Offers a residential feel while performing as a chafer, with a full steam bath

provided by a corresponding food pan created for each vessel. All Cucina Pots & Pans

are induction, radiant heat, steam table or canned fuel ready.

COLD WAVE: THE CLASSIC COLLECTION

Pre-freezing these bowls will keep your food cold for 8 hours at ambient temperature.

An outer air chamber prevents the bowl from sweating while keeping the inner chamber gel frozen.

In our test results, a bowl was put in the freezer until gel was frozen. 35° F potato salad was placed in the bowl and stirred every 30 minutes. After 8 hours the potato salad was at 38° F.

EZ FIT SMART BOWLS

The no-hassle salad bar setup solution! This system maximizes space in your cold well, maintains cold temperatures, and minimizes food waste. The aluminum body vessels are coated in a proprietary finish that offers a beautiful porcelain look, yet is unbreakable.

WHAT ARE EZ-FIT SMART BOWLS?

• The salad bar setup solution! This system maximizes space in your cold well, maintains cold temperature, and minimizes food waste. The aluminim body vessels are coated in a proprietary finish that offers a beautiful porcelain look, yet is unbreakable.

WHILE THERE ARE COMPETITORS, BON CHEF IS THE ORIGINATOR AND HAS PERFECTED THE SYSTEM:

- USA-manufactured: no harmful imported raw coating material
- Corresponding salad dressing system available
- 1 year chip warranty

- NSF approved in over 27 different colors
- Easy to order no measurements needed

BUFFET IN A BOX

Finally: a versatile and multi-function solution serving small and large parties in an easy, lightweight and practical formula. Using minimal pieces, you can now create, elevate and execute the perfect buffet.

The maple plywood or 18/8 stainless steel box provides a variety of options - combine it with an induction stovetop, grilltop, coldwave platter or flat riser shelf that easily drops in.

The multi-function riser is available in three different heights.

Stackable risers combine with melamine slate shelves in bi-level heights for a unique look.

The angled interior of the multi-use bucket holds beverages and other grab & go options.

The Bon Chef Quality Warranty

- 1. Seller Bon Chef, Inc. ("Bon Chef") warrants to first purchaser ("Owner") that upon shipment Bon Chef's Sandstone products ("Products") will be free from defects in material and workmanship and will conform to Bon Chef's Product specifications. Bon Chef warrants to Owner the integrity of the body of its Sandstone Products against cracking, breaking and defects in material and workmanship for life. Bon Chef warrants to Owner the finishes and coating of its Sandstone Products against chipping and lifting for Three Years from the date of original purchase. For this Warranty to apply, Owner must follow the Proper Use and Care Instructions indicated below ("Proper Use"). The Warranty does not cover damage caused by misuse, accidents, or alterations to the Products.
- 2. During the Warranty period, Bon Chef will repair or replace, at its discretion, any Product which does not meet the Warranty provided in Paragraph 1 above. The determination of whether a Product meets and conforms with the Warranty provided in Paragraph 1 above remains with Bon Chef. If Bon Chef determines that damage occurred during Proper Use, the Product will be, at Bon Chef's discretion, repaired or replaced by a similar product, or one of equivalent value if the Product is no longer in production, at no cost to Owner except for shipping charges. THERE ARE NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICU-LAR PURPOSE, WHICH EXTEND BEYOND THE EXPRESS WARRANTY PROVIDED HEREIN. THE REPAIR OR REPLACEMENT REMEDY FOR ANY BREACH OF WAR-RANTY AND FOR ANY AND ALL DAMAGES OR LOSS ALLEGEDLY CAUSED BY BON CHEF'S PRODUCTS. LIABILITY FOR ALL DAMAGES, INCLUDING BUT NOT LIMITED TO COMPENSATORY, INCIDENTAL, CONSEQUENTIAL, MULTIPLE, SPECIAL, AND/OR PUNITIVE DAMAGES, AND ATTORNEY'S FEES, SOUGHT UNDER ANY LEGAL THEORY, WHETHER IN CONTRACT, TORT OR OTHERWISE, IS HEREBY DISCLAIMED TO THE EXTENT PERMITTED BY LAW. To the extent that any provisions herein purport to disclaim or limit any statutory rights or remedies as may vary from state to state, such provisions shall be deemed to be amended to the extent necessary to comply therewith.
- 3. To make any Warranty claim with respect to Bon Chef Sandstone Products, Owner must contact the Bon Chef customer service department for a return authorization number, and mail the Product postage prepaid, to Bon Chef for evaluation.
- 4. If Bon Chef Sandstone Products should incur damage any time after the Warranty period, Owner may elect to use Bon Chef's exchange program to receive a partial credit toward the purchase of new products. Please contact customer service for further details.

Proper Use And Care Instructions

- Safe Temperatures: -20°F to a maximum temperature of 185°F.
- Warewashing: Do not use iodine-based sanitizers –may cause staining. For heavily soiled conditions, presoak in hot water with mild soap. Do not scour or scrape. Use only nylon or sponge pads to clean. Scouring pads will damage the Sandstone finish. High temp dishwashers max temp is 180 degrees. For low temp use chemical bath to sanitize dishes.
- Do not use as a cutting surface. Knives will damage the Sandstone finish.
- Do not place in oven or broiler, as this will damage the Sandstone coating.
- Do not use in a hot application as this will cause staining, separation and lifting of Sandstone coating.
- Recommended serving utensils: Bon Chef Sandstone or Pewter Glo utensils and/or plastic service ware. Heavy metal or any type of metal utensils should not be used.

PEWTER GLO

- 1. Seller Bon Chef, Inc. ("Bon Chef") warrants to first purchaser ("Owner") that upon shipment Bon Chef's Pewter Glo products ("Products") will be free from defects in material and workmanship and will conform to Bon Chef's Product specifications. Bon Chef Pewter Glo products are warranted to Owner against chipping, cracking, breaking and defects in material and workmanship for life. For this Warranty to apply, Owner must follow the Proper Use and Care Instructions indicated below ("Proper Use"). The Warranty does not cover damage caused by misuse, accidents, or alterations to the Products.
- 2. During the Warranty period, Bon Chef will repair or replace, at its discretion, any Product which does not meet the Warranty provided in Paragraph 1 above. The determination of whether a Product meets and conforms to the Warranty provided in Paragraph 1 above remains with Bon Chef. If Bon Chef determines that damage occurred during Proper Use, the Product will be, at Bon Chef's discretion, repaired or replaced by a similar product, or one of equivalent value if the Product is no longer in production, at no cost to Owner except for shipping charges. THERE ARE NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICU-LAR PURPOSE, WHICH EXTEND BEYOND THE EXPRESS WARRANTY PROVIDED HEREIN. Proper Use And Care Instructions

- Safe Temperatures: -20°F to a maximum temperature of 650°F.
- Dishwasher Safe.
- Use only metal safe detergents and sanitizers. Non-metal safe detergents or sanitizers will remove the Tempo finish.
- For heavily soiled conditions, presoak in hot water with mild soap. Do not scour or scrape. Use only nylon or sponge pads to clean. Scouring pads will remove the Tempo finish.

MODULAR HOT BARS, COLD BARS, PODIUMS, LIQUOR BARS, CARTS, FLAMBÉ CARTS & CUSTOM MILL PRODUCTS

The Bon Chef Quality Warranty

1. Seller Bon Chef, Inc. ("Bon Chef") warrants to first purchaser ("Owner") that upon shipment Bon Chef's Modular Hot Bars, Cold Bars, Podiums, Liquor Bars, Carts, Flambé Carts and Custom Mill Products ("Products") will be free from defects in material and workmanship and will conform to Bon Chef's Product specifications at the time of shipping for one year. This warranty does not extend to other manufacturers equipment, mechanical or electrical hot bain maries or wells; insulated or mechanical cold pans; wells or bain maries; mechanical, electrical, or non-mechanical lowerators; or other specified fabricated products, including audio equipment, that may be installed by Bon Chef in Bon Chef Products. Such other manufactures' mechanical or electrical components or products are subject to the specified manufacturers' warranties. For Warranty to apply, Owner must follow the Proper Use and Care Instructions indicated below ("Proper Use"). The Warranty does not cover damaged caused by misuse, accidents, or alterations to the Products.

2. Under this Warranty, Bon Chef will repair or replace, at its discretion, any Product which does not meet the Warranty provided in Paragraph 1 above. The determination of whether a Product meets and conforms with the Warranty provided in Paragraph 1 above remains with Bon Chef. If Bon Chef determines that damage occurred during Proper Use, the Product will be, at Bon Chef's discretion, repaired or replaced by a similar product, or one of equivalent value if the Product is no longer in production, at no cost to Owner except for shipping charges. THERE ARE NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICU-LAR PURPOSE, WHICH EXTEND BEYOND THE EXPRESS WARRANTY PROVIDED HEREIN. THE REPAIR OR REPLACEMENT REMEDY FOR ANY BREACH OF WAR-RANTY AND FOR ANY AND ALL DAMAGES OR LOSS ALLEGEDLY CAUSED BY BON CHEF'S PRODUCTS. LIABILITY FOR ALL DAMAGES, INCLUDING BUT NOT LIMITED TO COMPENSATORY, INCIDENTAL, CONSEQUENTIAL, MULTIPLE, SPECIAL, AND/OR PUNITIVE DAMAGES, AND ATTORNEY'S FEES, SOUGHT UNDER ANY LEGAL THEORY, WHETHER IN CONTRACT, TORT OR OTHERWISE, IS HEREBY DISCLAIMED TO THE EXTENT PERMITTED BY LAW. To the extent that any provisions herein purport to disclaim or limit any statutory rights or remedies as may vary from state to

state, such provisions shall be deemed to be amended to the extent necessary to comply therewith.

- 3. If damage should occur to any of the Warranted Products (which exclude other manufacturers' products or components as referenced in Paragraph 2 above)

 Owner is to contact the Bon Chef customer service department to determine if the damage is the fault of misuse or defects in materials or workmanship. Bon Chef's customer service will determine if a Bon Chef Representative will be sent to owner's location for evaluation or if an RMA Return Authorization will be issued. If RMA is issued, Owner must send the products, prepaid to Bon Chef for evaluation.
- 4. DESIGN AND SPECIFICATIONS: Bon Chef, Inc. reserves the right to make changes in design and specifications or add improvements on our equipment. The right is also reserved to modify our equipment because of factors beyond our control and government regulations. Seller makes no representation that the product complies with any present or future federal, state, or local regulations. Compliance is Buyer's responsibility. If certification labels by approved testing agencies are required, consult with factory prior to ordering.

Proper Use And Care Instructions

Wood Surfaces:

- All wood surfaces must be cleaned after service using a damp, soft cotton cloth with a small amount of mild, non-abrasive cleanser. Never use solvents on wood surfaces. Remove any excess cleanser or water after cleaning.
- Never use abrasive cleansers.
- Use a no-wax furniture polish to protect the finish between cleanings.
- Chemicals in certain foods can harm the finish if left on for an extended period.
- Clean up all food spills as soon as possible. Do not allow any spilled food products to dry on wood surfaces.

Corian / Granite / Engineered Stone Surfaces:

- Clean with a damp, soft cotton cloth.
- Never use abrasive cleansers or cloths. Use only soft cotton.
- Plain denatured alcohol, used sparingly, is the best cleanser for counter tops.
- Never place hot items on your Corian surface.
- Never use a Corian or Granite counter top as a cutting board or food prep area.
- Minor surface scratches or abrasions in Corian can be removed using 320 grit sandpaper or "0000" steel wool. Sand in a circular motion applying very little pressure.
- Certain chemicals in food, such as the acid in tomatoes, can discolor tops. Be sure to clean up all food spills as soon as possible.

WarmStone surfaces:

WarmStone is a durable and beautiful man-made material, but is subject to some of the same maintenance concerns as natural stones are. Please follow

these usage and maintenance guidelines for best performance and longevity.

*Never use any type of cast iron vessel on WarmStone surfaces! The accelerated heat distribution properties of cast iron will very quickly cause damage to WarmStone!

- Never let a vessel run dry for any length of time, as heat damage and possible discoloring will occur. Keep food product levels as full as possible
- If using induction chafers or other water-pan vessels, always ensure the water level is constantly adequate.
- As a general rule, always use the lowest possible power setting on the induction stoves to achieve your desired temperature.
- After each use, clean the surface with a soft cloth and non-abrasive cleanser. Surface will still be hot from vessel-transferred heat, use caution.
- Always remove spilled food products promptly.

Brass / Stainless Steel surfaces:

- Finished metal surfaces are extremely susceptible to scratching. Great care must be taken to avoid marring these surfaces.
- Brass is clear-coated to conform to NSF requirements. This coating is extremely sensitive to scratching.
- Never let solvents contact coated brass. This includes Acetone, Alcohol, Mineral Spirits, etc.
- Clean with a damp, soft cotton cloth,
- All Stainless Steel surfaces should be polished once a week using a water based S/S cleaner.
- Never let condensation or any other moisture remain in contact with metal surfaces for prolonged periods of time.

Plexiglas / Acrylic Surfaces:

- Clean with a damp, soft cotton cloth moistened with plastic cleaner such as Novus or Craftics.
- Acrylic is extremely sensitive to scratching. Never use abrasive cleansers or cloths. Use only soft cotton t-shirt material.
- Never clean acrylic with products containing ammonia or alcohol. Do not use Glass Cleaner such as Windex as it contains ammonia.

If a return authorization is used, Owner must send the products, prepaid to Bon Chef for evaluation.

Proper Use And Care Instructions

To maintain an acceptable serving temperature for up to three hours, the following steps must be taken:

1. Coffee must be brewed at a minimum of 200-206°F for the best tasting coffee. The hotter the brewing temperature, the better the result. 2. Preheat the urn by filling to the top with 200°F water and put the lid on. 3. After three minutes, remove the water and fill the urn with coffee at 200°F, as quickly as possible.

A direct pour from your coffee brewing system into your preheated urn is best. A second method is to use a food-safe fill hose. This hose slips onto your coffee brewer spout and the other end goes into the urn. The urn needs to be positioned lower than the brewing system in order for the coffee to gravity feed to the insulated urn. The cover should be placed on top of the insulated urn as quickly as possible to keep heat loss to a minimum. The least favorable method would be to transfer the coffee one pitcher at a time. Heat loss can be considerable using this method. 4.Use the proper size urn. Do not use a 3-gallon urn for 1 1/2 gallons of coffee. The urn was designed to maintain temperature only if it starts full. 5. Avoid removing the cover or loss of temperature will occur.

CARF:

- To clean your Bon Chef coffee urn, fill the urn half way with clean water. Open the spigot and allow the water to run through the coffee urn and out of the spigot. This will clean the internal plumbing of your urn and not allow the acidic coffee to cause damage.
- Use a water-based spray or non-abrasive stainless steel product.
- Never submerge in water or put into a dishwasher.
- For silver, gold or copper plating, use non-abrasive liquid polish. For brass trim: use non-abrasive cleaner. Abrasive cleaners will remove the protective clear coat lacquer and tarnishing will occur.
- Never use canned fuel or electric heaters with insulated urns. Use of any flame will burn out the insulation and cause damage to the urn. Canned fuel or electric heaters can only be used with non-insulated urns.

Proper Care And Use Instructions

- Before use Clean and sanitize your Bonstone Products. Do not use iodine based sanitizers.
- Your Bonstone product may be used in hot or cold application. It is not recommended to be used on a rapidly boiling steam table. This may cause the Bonstone to wrap.
- Bonstone Tiles work best with both upper and lower heat sources.
- Clean with a mild detergent.
- Bonstone cutting boards and templates may be lightly sanded with a fine grit paper to remove scratches and stains.
- For heavy spills use a mild abrasive cleaner or scrub pad.
- Always store your Bonstone products lying flat.
- To keep your Bonstone looking new and shiny use a solid surface cleaner/polish. We recommend LPS Food Grade Silicone Lubricant.
- Do not place your Bonstone Tiles in the oven or over flame. NOTE: Wipe your Bonstone tiles dry after steam table use. If put into a commercial dishwasher and fading occurs you can bring back color and gloss by wiping down with any food grade silicone.

PROPER USE AND CARE INSTRUCTIONS

- Knives are made from 13/0 stainless steel, not 18/8, therefore knives are susceptible to rusting and pitting. 18/8 knives would be too soft, the blade would bend and not stay sharp.
- Knives must be racked in the dish washer perpendicular (standing straight up and down).
- The dishwasher must be 180 degrees.
- The knives must be allowed to dry off from the heat for about one minute & 30 seconds before removing from rack.
- They must never be stored damp lying down.
- Metal safe detergent is recommended in order to keep your knives looking their best, low temp machines should be avoided due to the chemical content which will cause all metals to lose their luster.
- Avoid using any form of chlorine bleach which will discolor stainless steel. If you follow these steps and don't omit any of them knives will never rust.

Wooden Handled Knives:

• To keep your wood handled knives looking and lasting longer, do not put them in the dishwasher or pre-soak them, especially with chemicals.

SMARTBOWLS

Proper Use And Care Instructions

To maintain an acceptable serving temperature below 41°F, the following steps must be taken: 1. Smart Bowls & Prepared Food must be pre-chilled in refrigerator for a minimum of four (4) hours. Alternatively, bowls may be frozen and filled with refrigerated food just prior to setup. 2. When ready for setup, remove prechilled bowls from refrigerator and place into cold well as quickly as possible. 3. When replenishing, it is recommended that you replace the entire vessel with a new smart bowl & food that has been already pre-chilled. 4. Replace vessels after 4 hours of service. Do not fill ambient temperature smart bowls with chilled food as this will result in an immediate change in temperature. Smart Bowls must be chilled prior to use.

CLEANING:

For ware washing machines, place bowls and crocks on rack. Be sure they do not touch. Do not stack or dump racks. Do not use lodine based sanitizers as they may cause staining. Non iodine sanitizers are recommended.

- Safe Temperatures: -20°F to a maximum temperature of 185°F.
- Ware washing: Do not use iodine-based sanitizers may cause staining. For heavily soiled conditions, presoak in hot water with mild soap.
- Do not scour or scrape. Use only nylon or sponge pads to clean. Scouring pads will damage the Sandstone finish.
- Do not use as a cutting surface. Knives will damage the Sandstone finish.
- Do not place in oven or broiler, as this will damage the Sandstone coating.
- Do not use in a hot application as this will cause staining, separation and lifting of Sandstone Coating.
- Recommended serving utensils: Bon Chef Sandstone or PewterGlo utensils and/or plastic service ware. Heavy Metal or any type of metal utensils should not be used.

COLDWAVE

Proper Use And Care Instructions
