Extra style with oval dishes and teaware shapes. The Connoisseur Teapot has been specifically designed to be utilised with the finest quality teas and avoids over brewing when combined with the Teapot Infuser. The exacting capacity means that once the first cup is poured, the remaining water level drops below the level of the tea leaves in the infuser and hence avoids over brewing.

Burnished Gold brings a new level of luxurious detail to a classic, understated design. The gold edging on every piece is hand-burnished, and carefully positioned to protect the linework from excessive wear. This is the perfect marriage of beauty and durability.

Inspired by the classic English country walled garden, Trellis combines soft yet colourful combinations of pastels with sweet pea illustrations, each item in the range having its own unique design.

Flame features a white on white raised enamel design which naturally draws the eye towards the centre of the tableware providing the perfect canvas for food presentation.

This collection has been created in collaboration with two-starred Michelin chef Brett Graham. The rimless design means there's no visual distraction from the finest cuisine, while the frosted edge prevents finger marking as the plate is set down on the table. Extra weight has also been added to the centre of each plate, to optimise retention of heat or cold.

Sultan's Garden will bring a distinctive touch of exotic style to your table. This striking range features vibrant paradisal gardens, with illustrations of gazelles, lions and monkeys playing beneath palms and cypress trees, all inspired by early near Eastern ceramic artwork.
